BULBS

For Fall Planting

WILLIS S. PINO

41 Washington Street

Cor. Eddy St.

Providence, R. I.

1907

Catalogue of

Winter and Spring Flowering Bulbs

Hyacinths, Tulips, Narcissus, Crocus, Etc.

Offered by

Willis S. Pino

41 Washington, corner Eddy Street

PROVIDENCE, R. I.

In presenting our Autumn Catalogue we wish to thank our customers for their kind patronage during the past season and solicit their continuance in the future.

Quality of Bulbs. We procure our stock direct from the best growers in this country, Holland, France and Japan, always purchasing ***first quality bulbs*** which are sure of giving success.

Bulbs by Mail. We deliver bulbs at single and dozen rates free by mail except where special mention is made in our catalogue.

City Delivery. All prices in this catalogue include free delivery within the city limits.

Early Orders are always advisable as our stock of many varieties is liable to be exhausted early and many times good stocks are not obtainable later.

Location of Store. Our store will be found on the northwest corner of Washington and Eddy streets, one block from Dorrance or Westminster streets, and within a short distance of the Union Railroad Station.

WILLIS S. PINO

Hyacinths

These are exceedingly popular bulbs on account of the ease with which they are cultivated, their varied colors, beauty and fragrance

CULTURE IN POTS. — Select solid bulbs without regard to size for this purpose, and place a single bulb in a five-inch pot filled with any good potting soil; a light, rich soil is preferable; and place the bulb in firmly, but do not have the soil hard beneath it. After potting give them a good watering and set away in some cool, dark place, and cover six or eight inches with soil or cocoanut fiber. Leave in this condition until well rooted, and then for a succession of blooms, bring to the light at intervals of two weeks, and shade from the sun for a few days.

CULTURE IN GLASSES.—The single varieties are better adapted for glass culture than the double, and the best-named sorts should be selected. Soft water should be used in filling the glasses, a little charcoal put in, and the bottom of the bulbs allowed to just come in contact with the water. They should then be put in a dark, cold place until the roots are four or five inches long, a little additional water occasionally as it evaporates, and then brought into light and warmth as directed for culture in pots.

OUTDOOR CULTURE.—The bulbs may be planted any time after the beginning of October and before the winter frosts set in. Any good, well drained garden soil will answer. Dig deep and mix in a little decomposed manure; set the bulbs from three to four inches below the surface, and about six inches apart; after the ground becomes frozen, give a good covering of stable litter.

Pino's Special Bedding and Forcing Hyacinths

Superior to mixed shades of Hyacinths. In the selection of this stock we have secured sorts that will bloom at one time and each shade is comprised of only one variety, insuring the effect desired. Single flowering varieties only. If by mail add 15c. per dozen postage.

	Each	Doz.	Per 100

If by mail add 10 cents per dozen postage.

Feather, Grape and Musk Hyacinths

Very pretty hardy, bulbous plants, well adapted for mixed borders and for naturalizing in sunny spots among short grass. Also suitable for pot culture in the house, five or six bulbs in a pot.

	Each	Per 100
Feather Hyacinth (Muscari Plumosum), Purple	$ 03	$ 25
Grape " (Muscari Botryoides), Blue, 75c. 100	03	15
" " (" "), White, $1.25 100	03	15
Musk " (" Moschatum), Brownish Yellow	12	1 25

Dutch Romans or Miniature Hyacinths, excellent for massing in pots, pans, etc., separate colors, Pure White, Rose, Light Blue, 40c. per doz., $2.50 per 100.

Single, Early Named Tulips

Of all bulbs grown, the Tulip is without doubt the most popular. It is hardy, easily grown, and if cultivated properly, retains its peculiarity of marking for an indefinite period. Tulips require similar cultivation to Hyacinths, except they should not be planted so deep. Varieties marked "**A**" are the earliest and flower together, and those marked "**B**" follow, etc. The figures indicate the height attained in inches.

Duc Van Thol Tulips

Very early and especially valuable for forcing and pot culture.
Height from 6 to 7 inches.

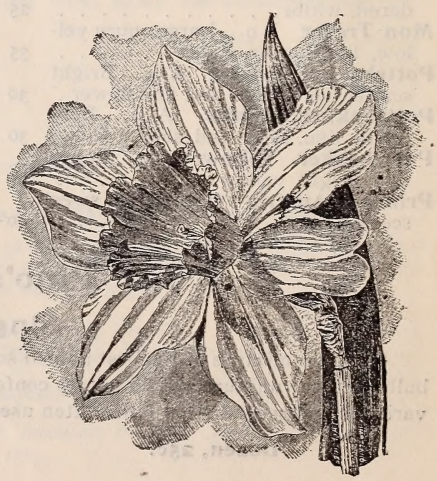
Greigii Orange scarlet with black spots	15	1 50
Oculus Solus (Sun's Eye) Red black centre	05	50



Narcissus

The numerous varieties of Narcissus are very beautiful and are among the most popular of our flowering bulbs for both garden and house culture; the double and single varieties being perfectly hardy, are better suited for general out-door planting, and after once planted they may remain undisturbed for several years; but in time they will become so thick and matted together that resetting will be necessary. The Polyanthus varieties may be planted out if a good covering of leaves or litter is given them to exclude the frost, when they will make an excellent show in the spring, and well repay for any extra trouble. All the varieties are excellent for growing in the house, and with similar soil and treatment to that recommended for Hyacinths, very satisfactory results are sure to be obtained.

Single Narcissus

	Each	Per Doz.
Albicans (White Spanish Daffodil), Pure white trumpet	$ 06	$ 60
Ard Righ (Irish King) Deep yellow trumpet. Large and early	06	60

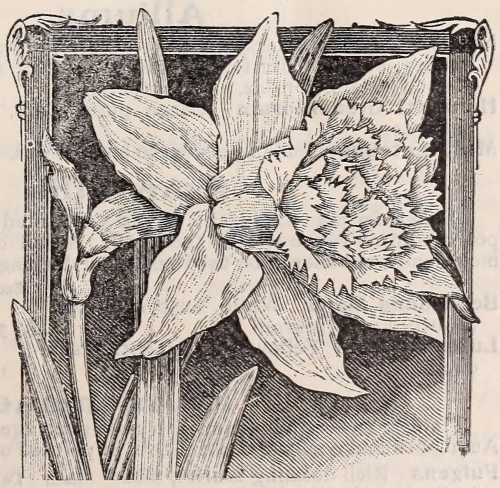
Single Sweet-Scented Rich, golden yellow in trusses, per doz. 20c.; per 100, $1.00.

Campernelle Very large, rich yellow flower, per doz , 20c.; per 100, $1.00.

Rugilosus New large flowering, deep yellow, crinkled flowers; exceedingly fragrant, per doz. 25c.; per 100, $1.50.



NARCISSUS VON SION

Chinese Sacred Lily

The Chinese Narcissus is very easily grown. When grown in water, shallow dishes, about three inches deep, should be used, into which put about an inch of gravel; on this set the bulbs and fill in with small stones to keep them upright, and keep the dish full of water.

True Chinese Grown, 10 cts. each; $1.00 per doz. Original basket of 30 bulbs, $2.00. Add 5 cts. each if sent by mail.

Pebbles for above, 10 cts. per quart.

CHINESE SACRED LILY

Crocus

This favorite of the garden is one of the earliest to flower in spring, often displaying its bright and lovely blossoms early in March. Plant the bulbs two or three inches deep. They are hardy and may remain in the same ground undisturbed for many years.

CROCUS.

Large Named Crocus

These are large, selected bulbs, for beds, borders, lawns and pot culture.

ALLIUM NEAPOLITANUM

Alliums

Neapolitanum Remarkably beautiful, with large heads of pure white flowers; excellent for forcing and out-of-door culture, much used by florists; 15 cts. per doz.; 75 cts. per 100.

Hermetti Grandiflorum Large pure white, sweet scented, 25 cts. per dozen.

Moly Luteum Golden yellow, 20 cts. per doz.

Amaryllis

Suited for pot culture and should be planted in a six or seven inch pot according to the size of the bulb. A soil composed of loam, leaf mold, and sand should be used and good drainage given.

	Each
Belladonna Major White, flush with rose, beautiful and fragrant	$ 35
Lutea Golden Yellow, hardy with usual covering	10
Vittata Hybrids Beautifully flaked and striped	$ 75
Johnsonii Crimson, striped white	50

Anemone (*Wind Flower*)

Plant in rich, sandy loam with good drainage and cover during winter with leaves or light manure. Anemones make splendid pot plants, if planted one in a four or five inch pot.

	Each	Doz.
Fulgens Rich dazzling scarlet, most brilliant and graceful.	$ 05	$ 40
Double Mixed Extremely handsome double flowered varieties		25
Single Mixed Beautiful poppy-like blossoms in variety of colors		$ 15

Calla Lilies

	Each	Doz.
White Calla Monster Bulbs	$ 25	$2 50
White Calla Large Bulbs	15	1 75

Fine decorative plants for sitting room or conservatory.

	Each	Doz.
Spotted Calla (A. Alba Maculata) A grand ornamental pot plant with pure white flowers and handsome deep green leaves spotted with white	$ 15	$1 50

Arums

A genus of curious and ornamental perennials, with peculiar and distinct foliage and flowers. They make handsome pot plants.

	Each	Doz.
Arum Dracunculus (Dragon Flower) Large brownish black flower, and handsome foliage borne on a mottled stem. Hardy with slight covering	$ 15	$1 50

	Each	Doz.
Arum Sanctum (Black Calla) Large, purple black flower and fine dark green foliage	$ 15	$1 50
Arum Cornutum Produces a beautiful flower spathe about fifteen inches long when placed in à warm dry room without soil or water	20	

Babiana

Dwarf Spring flowering, half-hardy bulbs with dark green hairy leaves. The colors range from brilliant scarlet to pale lavender and pink. 3 cts. each; 30 cts. per dozen.

Bulbocodium Vernum

Early spring flowering bulbs with rose purple flowers, excellent for edging, 10 cts. each; $1.00 doz.

Calochortus *(California Butterfly Tulip)*

They grow freely in light sandy soil, and though hardy they should be protected by litter during winter or kept in a cold frame. The colors are very brilliant and the graceful habit of growth makes them very effective if planted in clumps.

Calochortus Mixed from the hardiest sort. 5 cts. each; 30 cts. doz.; $2.00 per 100.

Chionodoxa *(Glory-of-the-Snow)*

Beautiful hardy spring flowering plants taller than Scilla Siberica; flowers longer and more numerous. For pots they are very useful, and for edgings, masses, or beds they are remarkably effective.

	Each	Doz.
Lucilliæ Brilliant blue flowers with white centre	$ 03	$ 20
Sardinsis Intensely deep blue, very fine	03	20
Gigantea Beautiful large flowering variety, with blue, white centered flowers, exquisite	03	25

Colchicum *(The Autumn-Flowering Crocus)*

These beautiful hardy flowers resemble the Crocus, but bloom in the fall about September, and the leaves appear in the early spring.

Colchicum Autumnal Mixed colors. Extra large bulbs. 10 cts. each; $1.00 per doz.

Crown Imperials *(Fritillaria Imperialis)*

These are hardy border plants of handsome and stately appearance, producing whorls of pendant bell-shaped blossoms.

Crown Imperials Mixed colors. 10 cts. each. $1.00 per doz.

CYCLAMEN

Cyclamen Persicum Giganteum

One of the best adapted plants for winter blooming, grows readily and flowers freely for a long period. The bulbs should be planted in a compost of loam, leaf mould and sand, and about half covered, then with plenty of light, air and temperature of about 60 degrees they may be grown to perfection. Good drainage is essential.

Grandiflorum White Rose, and Dark Red, 15 cents each; $1.50 per doz.

Dicentra Spectabilis *(Bleeding Heart)*

One of the best known hardy border plants. The flowers are borne on long racemes of a beautiful rose color. Strong plants, 25c. each; if ordered by mail, 35c.

Eranthis Hyemalis—(*Winter Aconite*)

The earliest spring flowering hardy bulbs. Color, golden yellow. 2 cts. each; 20 cts. per doz.

Erythronium—(*Dogs's Tooth Violet*)

Hardy, bulbous plants. Planted in groups in a border or shrubbery or other sheltered position. they are admired by all.

Erythronium Large flowering. Mixed colors, 5 cts. each; 30 cts. per doz.

FREESIA REFRACTA ALBA ODORATA

Freesia

The Freesia is one of the most popular early spring flowers, either for pot culture or greenhouse. Should be planted early, from six to eight bulbs in a six inch pot. Use sandy loam with a mixture of decomposed manure.

Refracta Alba 25 cts. doz.; $1.50 per 100.
Refracta Alba Extra large, 35 cts. doz.; $2.50 per 100.

Fritillaria

Meleagris Spring flowering bulbs with bell-shaped, various colored flowers. Suitable for pot culture or planting in the open border. 3 cts. each; 30 cts. doz.

Gladiolus—(*Winter Blooming*)

Covilli Alba Very beautiful pure white flowers closely set along the stem; invaluable for floral work, as the flowers keep a long time. 3 cts. each; 20 cts. doz.; $1.25 per 100.

Blushing Bride An excellent variety, flowers pure white, with pink spots. 5 cts. each; 50 cts. doz.; $3.00 per 100.

Gloxinias

Magnificent hot-house, perennial, bulbous plants, producing their gorgeously colored flowers in the greatest profusion.

Choicest Mixed 15 cts. each; $1.50 per doz.

Helleborus Niger—(*Christmas Rose*)

Flowers pure waxy white. Blooms early in spring, or in frames will bloom during the Christmas holidays and continue during the winter. 30 cts. each.

Iris—(*Fleur-de-Lis*)

Elegant free flowering bulbs, fine for beds or borders. Set the bulbs in clumps two inches apart each way, and three inches deep.

	Each	Doz.
Anglica (English) Finest mixed	$ 04	$ 30

Ixia

Half-hardy plants of dwarf growth. Will grow well in the parlor or conservatory, if freely watered.

Crateroides Bright scarlet, 3 cts. each; 25 cts. per doz.
Finest Mixed 3 cts. each; 15 cts. doz.; $1.50 per 100.

Lachenlias

Very pretty spring-flowering, bulbous plants from the Cape of Good Hope. They range in color from pale yellow to scarlet tipped with black and green, and yellow with brown spots.

Mixed Colors 15 cts. each; $1.50 per doz.

Leucojum—(*Spring Snowflake*)

Hardy bulbs with fragrant white flowers, not unlike the snowdrop, but much larger and comes in bloom a month later.

Leucojum Vernum 5 cts. each; 40 cts. doz.

Lilies

No class of plants capable of being cultivated out-of doors possesses so many charms as the lily. They are stately, elegant and beautiful, and possess the most agreeable perfume for general effect, whether growing in the garden or house, they have no rivals. October and November are the best months for planting outside; the soil should be deep, rich and mellow, *with good drainage.* Do not put manure about the bulbs when setting, as it collects moisture and insects and often causes the bulb to decay. Top dressing is the better way to enrich the soil after the bulbs are set. The beds should be well covered with leaves and strawy manure to exclude the frost.

Harrisii "True Bermuda Easter Lily." Large, trumpet-shaped flowers of purest white and delicious fragrance.

	Each	Doz.
First Size Bulbs	$ 10	$1 00
Large Bulbs	20	2 00

Lily of the Valley (*Convallaria*)

This fragrant and lovely flower is a favorite with everyone. It is hardy and does well in any soil not too dry. When forced, the roots must be firmly planted and the flowering crowns well covered with soil or moss at first. The roots we offer are very strong and every pip is selected. We sell large quantities and are in a position to give very satisfactory pips. Ready for delivery in November.

Finest Flowering Pips Imported for forcing and pot culture. Per bundle 25 pips, 50 cts.; per 100 $1.75.

Large Clumps For out-door planting, 25 cents each.

Ornithogalum ("*Star of Bethlehem*")

Arabicum A remarkably beautiful bulbous plant of stately habit. The flowers are large, numerous, delicately fragrant and are borne on spikes eighteen inches high. 5 cts. each; 50 cts. per doz.

Oxalis

A class of small bulbous plants of great beauty, both in foliage and bloom; they are valuable for pot culture and hanging baskets.

	Each	Doz.
Alba Pure white, free flowering, very pretty	$ 03	$ 25

Scilla

All the Scillas are beautiful, producing graceful spikes of elegant bell-shaped flowers of various hues; hardy, early flowering; one of the best spring flowers for edging and beds.

		Each	Doz.	100
Siberica	A perfect gem, with flowers of richest blue, very dwarf and hardy; excellent, planted with Crocus and Snowdrop. Large size bulbs	$ 03	$ 25	$1 50
Peruviana Cœrulea	(Cuba Lily) Very fine, large corymbs of brilliant blue flowers	10	1 00	

Snowdrops

The Snowdrop is the first of all flowers to denote the approach of spring. Before the snow has disappeared, the delicate flower is seen peeping through the ice. The culture of these is the same as that given for the Crocus. To produce the best effect they should be planted about twenty in each clump and about two inches deep. **Elwesii Giant, single flowering,** 20 cts. per doz.; $1.00 per 100. **Double flowering,** 25 cts. per doz.; $1.75 per 100.

Sparaxis

These are admirable plants for the conservatory or window; in appearance not unlike the ixia, but dwarfer. They are of easy culture in pots, blooming in spikes of large flower of very bright and varied colors.

Finest Mixed 3 cts. each; 20 cts. per doz.; $1.50 per 100.

Spirea or Astilbe

Japonica This beautiful plant produces in abundance dense sprays of small white flowers on neat erect stems. By florists and gardeners it is grown in vast quantities for cutting, etc. Fine flowering clumps for forcing. 10 cts. each; $1.00 per doz.

Japonica Compacta Multiflora New compact growing large flowering. The most beautiful of all the set. 20 cts. each; $2.00 per doz.

Trillium (*Wood Lily, or Indian Shamrock*)

Hardy bulbs that require a shady position to grow them to perfection. Large. white flowers changing to a delicate rose color. 10 cts. each; $1.00 per doz.

Tritelia

This is a perfect hardy, doing well in the house or planted in the open border.

Uniflora White with blue tint. 2 cts. each; 15 cts. per doz.; $1.00 por 100.

Zephyranthus Atamasco (*Fairy Flower*)

Beautiful pink flowers, blooming freely in summer. 5 cts. each; 40 cts. per doz.

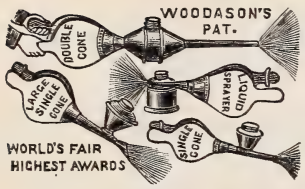
Hyacinth Glasses

For the culture of Hyacinth, Polyanthus Narcissus, etc., in winter.
Tall Green, Blue and Purple. 20 cts. each; $2.00 per doz.
Tye's Shape Low pattern. Green, Blue and Purple. 20 cts. each; $2.00 per doz.

Mushrooms

Mushrooms may be grown in a warm cellar or shed in winter, or in the open air in summer. Take partially dry fresh horse manure and lay it in a heap to ferment; turn and mix it well every few days, and when well and equally fermented, which will be in from ten to fifteen days, it may be made into a bed four feet wide and about two feet deep, mixing it well together and beating or treading it firmly. As soon as the temperature of the bed falls from 75 to 50 degrees, the spawn may be inserted in pieces about the size of a walnut, about two inches deep and six inches apart. Cover with loamy soil about two inches deep and beat it down evenly and firmly. Finish off with a covering of clean straw or hay about a foot thick. Water when necessary with luke-warm water and expect mushrooms in four to six weeks. **Best English Milk Track,** per Brick about ¼ lb., 15 cts.

Garden Tools and Requisites



Bellows Woodason Powder. For Hellibore, Tobacco Dust, etc. Each, $1.00 and $2.00.
Bellows Sulphur. Used only for sulphur, $1.50.

BOWKER FERTILIZER Co.
BOSTON & NEW YORK.

Sheep Manure Pulverized This is a pure natural manure, and the most nutritious food for plants. It is excellent as a top dressing for lawns. There is nothing better for mixing with the soil for greenhouse plants; one part manure and six parts soil. It makes the richest, safest and quickest liquid manure. One pound to 5 gallons of water; 2 lb. package, 15c.; 5 lb. 25c.; 10 lb. 40c.; 50 lb. $1.25; 100 lb. $2.00.

Lawn and Garden Dressing This dressing is made from chemicals and is so prepared that it acts gradually throughout the season, producing a luxuriant growth of grass of a rich green color. It is far superior to stable manure, free from weed seeds and easily applied. For lawns apply at the rate of 400 pounds per acre. Per lb. 5c.; 25 lbs. $1 00; 100 lbs. $3.00.

Unleached Hardwood Ashes As a fertilizer for lawns, gardens and fruits, Hardwood Ashes are unequaled; they are not a mere stimulant, but supply natural plant food, permanently enriching the soil. They are exceedingly valuable for lawns, imparting a rich dark shade of green and destroying many of the insects which are so injurious. Price, in barrels, ton, $18.00; barrel, $2.00.

Bowker's Food for Flowers A dressing made expressly for plants grown in the house, garden or conservatory. Clean, odorless and producing early and abundant blossoms, and healthy, luxuriant plants. Small package, enough for thirty plants for three months, 15c. each. Large package, 25c.

Pure Ground Bone Meal This finely pulverized ground bone is excellent for rose culture; top dressing for lawns and for potted plants. 5 lb. package, 20c.; 10 lbs. 35c.; 100 lbs. $1.75.

Nitrate of Soda This is valuable solely for the nitrogen it contains, equal to 20 per cent. of ammonia. It is chiefly a stimulant; it is used in addition to other fertilizers. 5 lb. 30c.; 10 lb. 50c.; 25 lb $1.25; 100 lb. $4.00.

Bonora A complete plant food, immediately soluable and applied directly to the root of all plants, giving a healthy lasting growth. Trial size, 25c.; 1 lb. package, 50c.

Plant Blood Safe, clean, odorless and effective. An ideal plant food for the amateur. Pkg. 15c.

Insecticides

Fir Tree Oil One of the most reliable for red spiders, green fly, mealy bug, caterpillars, slugs, blight, etc. Per pint, 75c.; qt., $1.25; gal., $4.00.

Fir Tree Oil Soap Useful on greenhouse and garden plants, killing red spider, mealy bug, aphis, etc. Per ½ lb. tin, 25c.; 2 lbs., 75c.

Hellebore Powdered White Hellebore for rose slugs, currant worms, etc. Dust on with gun or bellows while the foliage is moist. Per lb., 25c.

Nikoteen Is the cheapest, cleanest and most effective of insecticides and will not injure or discolor delicate plants. It is composed of that element in tobacco which gives it its value as an insecticide and nothing else. Bottle, $1.50.

Aphis Punk A special preparation of nicotine for the extermination of green and black fly, thrip, etc. Not injurious to delicate plants. Per package, 12 rolls, 60c.

Rose Leaf Tobacco Extract Highly concentrated extract of tobacco, recommended for use in greenhouses for destroying insects and scale on plants. Gallon can, $1.25; 5 gallon, $5.00.

Slug Shot Destroys all insects injurious to house and garden plants, vegetables and fruits of all kinds, equals Paris Green when used liberally, without the danger from poison. Price, 5 lb. pkt. 25c.

Sulphur, Flowers of A staple preventive for mildew on grapes, roses, etc. Lb., 10 cts.; 10 lbs., 50c.

Tobacco Stems for Fumigating Clean and free from rubbish.

Tobacco Dust If dusted on while the foliage is moist it destroys rose lice, cabbage and turnip fleas, etc. Spread upon the ground, it keeps off earth insects and acts as a fertilizer. Per lb., 10c.; 5 lbs., 25c.; 100 lbs., $3.50.

Tobacco Soap Makes an excellent wash for plants and trees infested with green fly, lice and eggs of insects. Dissolve 2 oz. in gallon of water. Pkt. 20c.

Whale Oil Soap Makes an excellent wash for trees and plants; kills insects and eggs on the bark. Per lb., 15c.

Scalecide The latest and best spray for San Jose scale. A mechanical preparation of petroleum oil that instantly mixes with cold water. One gallon of Scalecide to 20 gallons of water sprayed on your trees and bushes will kill every scale that it reaches without injury to tree or fruit bud if applied in late fall, winter or early spring while the foliage is off. Price, 1 gallon can, $1.00; 10 gallon can, $6.00; 50 gallon barrel, $25.00.

Poultry Supplies

CONKEY'S ROUP CURE
A guaranteed remedy for all forms of roup. Directions in each package. Price per pkg. 50c.

PORCELAIN NEST EGGS Price, 3c. each; doz. 25c.

WYANDOTTE FOOD FOR YOUNG CHICKS
A safe and nourishing food for chicks just out of the shell and one that can be depended upon to carry them right along until fully matured. This food is given dry, though plenty of pure water should always be on hand for the little fellows to drink. Wet or even moist foods are highly objectionable and altogether unnatural to all gallinaceous birds and they should never be employed except in the process of fattening for the market. 5 lbs. 25c.; 10 lbs. 40c.; 25 lbs. 75c.; 50 lbs. $1.50 100 lbs. $2.50.

PRATT'S POULTRY FOOD
A cure and preventive of chicken-cholera, roup, gapes and other diseases. Molting fowls when fed Pratt's Poultry Food will lay sooner and will increase the quantity of eggs. Price, 26 oz. package 25c.; 5 lb. package, 60c.; 12 lb. bag, $1.25.

IMPERIAL EGG FOOD
Invaluable for chicks and molting fowl. A standard reliable food. Price, 26 oz. pkg. 25c.; 60 oz. 50c.

SHERIDAN'S CONDITION POWDER
Prevents and cures diseases of hens. It is strictly a medicine to be given in small doses once daily in their food. Price per pkg. 25c.; large pkg. 80c.

DEATH TO LICE OINTMENT
Used for head lice on chickens. 1 oz. pkg. 10c.

DEATH TO LICE
(Lambert's) An effective remedy for all kinds of poultry vermin. Package 25 and 50 cents.

CHARCOAL (Granulated) Aids digestion and corrects many of the poultry ills, pkg. 15c.; 10 lbs. 40c.

MICA CRYSTAL GRIT
For Chickens, Geese, Turkeys, Pigeons and Birds. It makes thorough digestion of food possible. Two grades for Chicks and Poultry. Price per package, 10c.; 100 lb. bag, 65c.

GROUND OYSTER SHELLS
Furnishes one of the best sources for Shell-making Material. Thoroughly washed and dried. Price per package, 10c.; 100 lb. bag, 65c.

DRINKING FOUNTAINS
Sanitary, square, galvanized, in two parts, easily cleaned and filled. Price, 1 gallon, 50c.

SANITARY EARTHENWARE
In two parts, large drinking surface. Price, 2 pts. 25c.; 3 pts. 30c.; 4 pts. 35c. each.

SANITARY FEED BOX
Made of galvanized iron, with three spaces, 50c.

LEG BANDS Aluminum. Per doz. 15c.

INSECT POWDER BELLOWS
Each, $1.00 and $2.00.

INSECT POWDER GUN
Useful in dusting hens with powder. Each 10c. and 20c.

Park Lawn Grass Mixture

In our lawn mixture we use only the highest quality, extra clean seed, and free from weed seeds which abound in inferior grades. We use only the choicest low growing grasses, and a lawn produced from our seed will maintain a rich, dark, velvety appearance and a permanent sod.

1-2 lb., 20c.; 1 lb., 35c.; 2 lbs., 60c.; 100 lbs.; $25.00

1 lb. will sow 600 square feet

Shady Nook Grass Mixture

A special mixture of grasses adapted to growing under trees and in shaded places where it is quite difficult to produce a satisfactory growth, 1 quart 30c.; 1-2 peck $1.00; 1 peck $1.75.

THE PREPARATION AND CARE OF A LAWN

The ground must first be thoroughly prepared by draining, if necessary, and spade or plow to the depth of 6 to 12 inches, according to the nature of the soil, applying a liberal quantity of well decomposed manure, bone meal or pulverized sheep manure, the latter we recommend as being lasting in effect, not liable to burn the grass and free from weeds. Clean the ground thoroughly and rake perfectly smooth and level, as much of the success depends upon this part of the preparation. The seed should be sown on a calm day, that it may be applied evenly and at the rate of sixty-four pounds per acre, or one pound is sufficient for 600 square feet. After the seed is sown the ground should be rolled with a light roller or evenly tamped with the back of a spade. The plat should be mowed every ten days from May until September, using a sharp scythe in preference to a mower until a close turf is formed. Frequent mowing and rolling is necessary to maintain a close even turf. April and September are the best months for sowing lawn seed.
